

Quality policy

Metso Outotec provides products, solutions and services for Aggregates, Mining and Metals refining industry customers.

Our vision is to be the customers' number-one choice for sustainable use of the earth's natural resources. Together we deliver service, reliability, innovation and results – safely.

- We are committed to consistent high ambition and quality in our operations, products and services.
- We keep the customer in the center to ensure their satisfaction.
- We continuously develop our management system to ensure high-performing supply chain operations (harmonized way to operate over the supply chain).
- We are committed to compliance with applicable requirements and to taking care of company responsibility.
- We all at Metso Outotec are responsible for the quality of our work.

Environment, Health and Safety policy

Metso Outotec provides products, solutions and services for Aggregates, Mining and Metals refining industry customers. Our vision is to be the customers' number-one choice for sustainable use of the earth's natural resources. Together we deliver service, reliability, innovation and results – safely.

- We commit to protect the safety and health of our employees, contractors (stakeholders), customers and the environment.
- We protect the environment in all our activities and by delivering sustainable products and services to our customers.
- We firmly believe that good Environment, Health and Safety (EHS) performance is key to ensuring sustainable business and is thus considered an integral part in business decision-making.
- We always emphasize our high EHS standards of conduct when dealing with customers, suppliers and other stakeholders.
- We comply with applicable laws and regulations and strive to exceed these where possible.
- We prevent pollution and aspire to minimize our environmental impact throughout the value chain.
